**PRESS RELEASE**  
**LEAD SERVICE LINE -PHASE II**  
**Replacement Program**

**Watervliet** – The City of Watervliet is commencing with Phase II of the Lead Line Replacement program. Phase II is for any eligible household within the City that may currently have a lead waterline service. This phase of the project will be the replacement of lateral line from the main to the homeowner’s house.

Application period will be an open for the from October 1<sup>st</sup> thru December 1<sup>st</sup>, 2021. The Program will concentrate on homes built prior to 1940 for the application period. Homes with children under 6 years old, having service lines identified as being lead, will be prioritized. Applications will be reviewed and approved with an anticipated start date of Spring 2022 for construction.

“We are excited to commence with Phase II of the Lead Line Replacement program. It is a very important project, and we look to complete as many homes as we can until all available funding is expended” stated Mayor Charles Patricelli.
